

# 4 Port USB AC Travel Charger

Charging circuitry designed for iPhone/iPad and Samsung Galaxy Tab/Note  
IPA4200

Cirago 4 Port USB AC Rapid Travel Charger is designed to charge multiple tablets, phones, power banks and other USB devices (Bluetooth headset, portable Wifi, MP3 players, etc) at fast speed.

- Compatible with iPhone, iPad, Samsung Galaxy Tab, Samsung Galaxy Phone, Samsung Galaxy Note, Nexus, Kindle, HTC phones, Blackberry, MP3 players, Digital Camera, & other USB devices.
- Use your existing USB charging cables to charge most USB powered devices. Easy-to-see LED confirms whether USB charger is properly connected.
- Circuitry designed with over-charging protection. Charging will automatically stop when the device's battery is full.

<b>Designed for</b> iPhone/iPad Galaxy Tab/Note	<b>Port 1,2,3,4</b> 1A, 1A, 2.1A, 2.1A
<b>Input</b> 100V - 240V	<b>Output</b> 5V, 20W, 4.2A(MAX)

Perfect for  
'on-the-go' mobile  
charging

#### USB Ports:

This charger charges tablets at 2 Amps and most phones at 1 Amps current. This results in fastest possible charging up to 4 devices simultaneously.

- Port 1 & 2 - 1A (Universal):** Designed to charge almost all devices including Apple & Android devices.
- Port 3 - 2.1A (Universal/iPad Optimized):** This port is designed to charge an iPad. This port can also charge other mobile devices such as the Samsung Galaxy Tab.
- Port 4 - 2.1A (Universal/Samsung Optimized):** This port is specifically designed to charge Samsung devices (e.g. Samsung Tab). This port can also charge other mobile devices such as an iPad.

Compact Design

Flip Down AC Prongs
